Alabama Food Bank Association Receives Support from Wind Creek Hospitality for COVID-19 Relief Efforts

ALABAMA, May 14, 2020 – [Alabama Food Bank Association](#) today announced it received critical support from [Wind Creek Hospitality](#) to help provide 250,000 meals to Alabama families during the COVID-19 pandemic. This donation comes at a critical time for food banks in Alabama as they respond to a greater need during this unprecedented crisis. Children have lost the school meals they depend on, families are struggling with lost wages, and seniors are more at risk for hunger than ever before.

The Alabama Food Bank Association is grateful to Wind Creek for their tremendous support of Alabama communities. “Because of the generous support from Wind Creek, our food banks are able to serve families experiencing economic crisis during this pandemic,” said Laura Lester, executive director of the Alabama Food Bank Association. “Our network’s hunger-relief programs help deliver millions of pounds of nutritious food to the communities we serve across Alabama.”

Wind Creek’s Director of Public Relations, Magi Williams, explained the donation is all about being a good neighbor. “Wind Creek isn’t on the front lines of the pandemic crisis, but we want to support those who are. We’re proud to come alongside the Alabama Food Bank Association in providing food and hope to families and children who need it most.”

About Alabama Food Bank Association

The Alabama Food Bank Association works to end hunger by assisting the food bank network in obtaining more food and funds, fostering public awareness of the food banks’ mission, and creating partnerships to help alleviate hunger in Alabama. Every day, our eight members in Alabama (Community Food Bank of Central Alabama, Feeding the Gulf Coast, Food Bank of East Alabama, Food Bank of North Alabama, Montgomery Area Food Bank, Selma Food Bank, West Alabama Food Bank, Wiregrass Area Food Bank) partner with a statewide network of food donors, emergency food pantries, and soup kitchens to provide food to hungry people. Fighting hunger requires significant funding for every step of the process—from acquiring food, to storing the food, to transporting the food to people in need. Learn more at [alfba.org](#).
